The third PROTEKER field campaign

- What's up? -

Date de mise en ligne : Wednesday 8 October 2014

Programme IPEV n° 1044

The last campaign of the first phase of PROTEKER has been done from November 2014, 7th to December 2014, 29th.

During our stay in Kerguelen from November 2014, 18th to December 2014, 18th we were able to work at sea on the trawler "La Curieuse" during 13 days. In spite of this quite short period, the Kerguelen's underwater observatory has been finalized.

Then, coastal monitoring is now depending on the presence of a vessel able to sail to each PROTEKER site.

Outreach

- ▶ On the [blog](#) of Pierre Jullien, journalist for "Le Monde"

- ▶ France Télévisions reporting FR3 (Marie Herenstein)
PROTEKER sequence begins at 02:45

- ▶ [Conférence](#) à Dijon : « Mise en place d'un observatoire sous-marin côtier à Kerguelen »
